Special Results Supplement

September 2023

Dear Parents and Students,

Welcome to the 2023/2024 school year! We are excited to have you all back and ready to embark on a new academic journey. This year, we've taken the proactive step of beginning our school calendar earlier than usual. We recognize the significance of the upcoming elections and the potential impact they might have on our schedule. By starting early, we aim to stay ahead of any potential disruptions and maintain a strong focus on our academic objectives.

As the elections draw nearer, we have taken into consideration the need for flexibility. Therefore, we have strategically planned virtual school sessions, particularly as we approach the winter elections. This approach will enable us to adapt to any potential scheduling challenges while ensuring that learning remains consistent and uninterrupted. We urge you to ensure regular attendance and punctuality to assist us in doing our job successfully.

Cambridge results are out and our O' and A' Levels toppers have made us proud of their achievements. Aosaf with 5 A★'s and Sumit with 3 A★ and 2A's are at top of the A' Levels league, while the O' Levels table is headed by Nabonita who got 9A★ and 1 A followed closely by 9 classmates with 9A/A★'s each. (see result details on next page).

Two students joyfully discussing their performances below

NEW LEADERSHIP ROLES

CGS has new leadership appointees, Rasha Tariq (pictured above left), who joined Lower School in 2019 moves from Deputy Head to Head of Lower. While Rubayna Chowdhury (centre), who joined in 2016, moves to Deputy Head, overseeing the college section, and Faiza Chowdhury (right), and joined in 2017, also Deputy Head, will be overseeing the O' Level section. Congratulations and welcome to these new roles!

We are gearing up for an exciting new school year in 2023 / 2024, with a strong focus on academic excellence, character development and a variety of global activities in our Round Square (RS) network. In addition to the Annual RS conference, there are plans for Model United Nations (MUN) and RS Conferences, both in virtual formats and with physical participation in various countries including Kenya, India, The United Kingdom, China, The United States, South Africa, Singapore, Pakistan, and Romania. A team has recently returned from a summer programme in Oxford University, in the UK (pictured above), while another is in India and a third team is getting ready to head to the Annual RS International Conference in Kenya. Details of a fantastic Singapore tour to study 'future cities' and city infrastructure is in the pipeline.

These conferences and other school events, such as the Annual Cultural Programme, sports and ECA's provide valuable opportunities for students to engage in international and local collaborations, develop creativity, physical fitness and leadership development. Most important of all, become good human beings, armed with twenty first century skills, global citizens - who are the same time patriotic and have a strong Bangladeshi identity. Our theme for the year, 'One Planet, One Future' signifies a commitment to sustainability, global awareness, and unity. We will be integrating this theme into our academic curriculum, events, and extracurricular activities to deliver a holistic and impactful educational experience for students.

Our primary goal is to provide the best possible education for our students, and this year is no exception. We are committed to ensuring that the syllabus is covered comprehensively, allowing each student to reach their full potential. To achieve this, we kindly ask parents to help in encouraging and supporting our many global and local activities. Your active participation will greatly contribute to the success of our programmes.

We believe that a collaborative effort between students, parents, and the school is crucial for a successful academic year. Let us work together to create an environment where learning thrives, curiosity is nurtured, and personal growth is fostered.

Thank you for your dedication and support. Here's to a productive and enriching year ahead!
