June 2023

Dear Parents and Guardians.

We have come to the end of another school year and I would like to take this opportunity to express my gratitude to you for supporting your child's academic endeavours. Along with that your continuous involvement in the school events has been invaluable for us. In this last month of school, we have planned a few extra fun activities besides the regular ones: Students will be celebrating Splash Day, they can beat the heat with fun sprinkler play and make lasting memories of splashing, laughing, and playing with their teachers and friends. Detailed information along with the Splash Day permission form will be sent to you ahead of time.

Movies are a great way to teach kids on how to take care of our planet, therefore we will be scheduling a fun and enlightening Movie Day for our students, based on the World Environment Day theme.

We also have Class Party scheduled on the last day of school, where students will take a walk down the memory lane, be a part of a fun-filled dance party, enjoy a delicious meal and much more. Last but not least we will be hosting the Annual Awards and Attainment Ceremony. This annual event brings the school and parents/guardians even closer and supports students as they move into higher levels of academics and celebrate their achievements. In these last few remaining days of school, I request all students to be regular, punctual and dedicated so that we may end this academic year on good notes and with wonderful memories.

Eid Mubarak

Rasha Tariq

Ahona (6S) above for winning the Regional Maths Olympiad in Primary Category and securing 16th in Physics Olympiad.

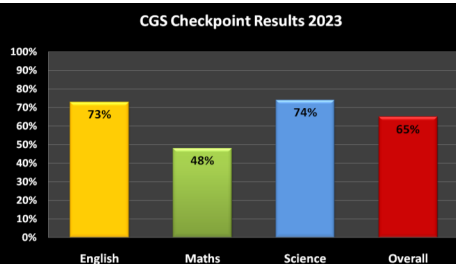

ONLINE BANGLADESH OLYMPIAD WINNERS 2023

Congratulations to Bangladesh Olympiad winners, L to R Swapnadip and Yusra (7S) for winning in Junior Category of Math Olympiad, Anirban (3K) for Award in the Primary Category and Al-Mahadi for winning the Junior Category Math Olympiad.

CHECKPOINT RESULTS

Checkpoint examinations, conducted annually in class 8 are a fantastic diagnostic tool to assess progression at around the 30% syllabus completion milestone. These help not only individual students to understand where they are standing but also assist subject teachers to focus on any areas that may be weak in the entire year group.

This year's batch have done poorly in Maths across the year group and we will be focussing our efforts to increase Maths revision and thereby ensure we raise the level for all.

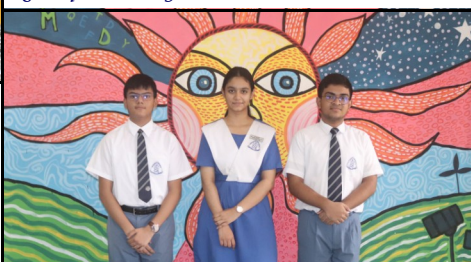

Class averages tabulated above and congratulations to the toppers in the table below.

English 1st - 98% Agnidipa 8S
2nd - 96% Priyodarshi 8K
3rd - 95% Shotabdi 8S, Safwan 8M

Maths 1st - 91% Safwan 8GM
2nd - 90% Amrin 8G
3rd - 89% Adib 8G, Agnidipa 8S

Science 1st - 94% Debmalya 8M
2nd - 93% Zain 8S, Washima 8K, Imaan 8M, Zafir 8M
3rd - 92% Naida 8S, Safwan 8M, Arusha 8K

Congratulations to overall toppers below, Agnidipa (1st), Safwan (2nd) and Adib (3rd).

GAMING PLATFORM LAUNCHED

CGS's Gaming Platform in collaboration with Knowledge Platform has been launched with an Environmental Literacy Competition. 40 Round Square schools from 17 countries including Bangladesh, Australia, Canada, China, Columbia, Brazil, Hong Kong, India, Japan, Jordan, Oman, Pakistan, Switzerland, Thailand, UAE, and the UK are participating with Abbotsholme School in the UK currently in the lead with Maria's Public School, India in second place. The finals will be on Zoom in two weeks. This is the first of its kind in Round Square.

CGS EARLY EXPLORERS

A Day Care centre, called 'CGS Early Explorers' for 1 to 2 and a half year olds was launched in late May. It aims to:

- ⇒ Provide nurturing care in safe and stimulating surroundings.
 - ⇒ Develop communication and social skills.
 - ⇒ Have activity based inquiry designed to meet individual children's needs by creating opportunities for play, discovery, and exploration.
- All these will prepare children for a smooth adjustment to school life with confidence, curiosity and a eagerness to explore further learning.

CALENDAR OF EVENTS DATE

Inter-School Student Parent Art Competition	3.6.2023
World Environment Day Mufti	5.6.2023
CGS Basketball Tournament	15-17.6.2023
Final Exams	18-26.6.2023
Graduation for Batch of 2023	24.6.2023
Class Parties	27.6.2023
Summer Holidays Commence	28.6.2023
Eid-ul-Azha	29.6.2023

EID REUNION AT LOWER SCHOOL

Parents, students and teachers had a wonderful Eid Reunion in May with music, singing and special Eid treats, an image from the event above.

June 2023

Dear Reader,
During the Eid holidays in April a certain report on TV showed several aged people from different families around the country were compelled to live in an old age home at Gazipur as they were abandoned by their own children mainly for not being "obedient". Most of them didn't have visitors even on Eid day. In spite of getting the best possible food, care etc none of them seemed happy to be there and were missing their family members especially their grandchildren.

The relationship between a parent and child is a sacred one. They also have certain responsibilities towards one another. Parents love their children unconditionally. They provide for the children according to their means. Many parents are found sacrificing dreams and luxuries to ensure a good life for their children.

Children should trust, respect and love their parents and support them physically and mentally whenever possible throughout their lives. They should continue to express gratitude towards their parents even when they are old, helpless and unable to do any of the things that they used to do when they were younger.

As age progresses, everyone goes through different phases of life. People become weaker and personalities, temperaments change sometimes negatively due to ailments, gradually becoming isolated from society, loss of fitness, memory etc.

The elderly require love, support and our time. They should never be ignored. We should not make excuses of being busy and treat them as a priority and not a burden.

Eid Mubarak.

Hector Fernandez

June 2023

Dear Parents,

A' Level and O' Level board examinations are coming to an end. It has been an overwhelming time for students and parents. Witnessing the hard work, determination, and dedication put by each and every student has been truly remarkable.

A' Level students can finally sit back and relax! As parents, please encourage them to be open to new things during this break - new people, new places, new experiences, new adventures, new ideas, and see which ones feel right. Everybody has it in them to be great at something. To our students of 12 - you have incredible power to open all sorts of doors and shape your life the way you have always imagined. Your path will be crooked, unexpected and beautiful, which is exactly the way it should be. Do not let any of the bends or detours change your belief in your own potential, or the wonderful depth and strength in you. Although board exams have finally come to an end, students of grade 9 will be sitting for their final term examinations. The next few days are going to be crucial for all the students and their respective parents. All their hard work is about to pay off. No need to be nervous. Just keep a positive attitude. Just stay confident and concentrate. Students should focus on giving it their best and eventually, success shall be theirs. And to the graduating batch of 2023, Congratulations! You have made it to the end of high school.

THE WHITE WALL PROJECT

Newcastle Grammar School in Australia have launched 'The White Wall project' where students were asked to conceptualize their ideas of what 'perspective' means to them, and then contribute to a greater global understanding. Shuvronil of (10K) Upper submitted the image above.

CGS BASKETBALL TOURNAMENT

CGS Alumni, teachers, students and parents will be competing for the Basketball trophy in June with special floodlights to enable night-time play as the weather warms up during day-time.
